Please understand that scholarship funding is limited. Priority is given to those with the least financial resources and greatest need. Selection is also based on the clarity of your intention for participation. Special preference is given to local Bolivian leaders and those typically underrepresented in the global ayahuasca community.

Pisatahua is also willing to make payment plan agreements as a form of financial aid. Please contact us for more information. We ask that you only apply for a scholarship only if you are in need, otherwise you will be taking a spot from someone who truly requires this support.
